Test Requirements

LRC, Inc. WC Test: The dog will retrieve a duck at approximately 50 yards on land. The dog must not be gun shy. The dog will retrieve two shot ducks from water as back-to-back singles to show willingness to re-enter the water. The dog need not be steady, so a dog may be held on the line. Delivery to hand is not required but, it is suggested that the area of delivery be within easy reach of the handler. This area will be determined by the judges prior to the beginning of the test.

LAND USE COURTESY: The MJLRC is asking **ALL** exhibitors & spectators to be courteous while on our training grounds. We should **NOT** drive or park in any fields, block the roadways, or litter. Remember to clean up after yourself and your dogs! Thank you.
